Revision History	2

1. Purpose

This document sets expectations for internal communication so that information moves efficiently and predictably across Sogno Enterprise.

2. Email Guidelines

Email is used for formal, external, or record-keeping communication. Employees are expected to check email at least twice daily on working days and to respond to non-urgent messages within one business day.

3. Slack / Teams Usage

- #announcements — company-wide notices, read-only.
- #dept-* channels — department-specific discussion.
- Direct messages — quick questions; avoid for anything requiring a documented decision.
- Status should be kept current (Active, Focus, Away) so colleagues know when to expect a reply.

4. Meeting Etiquette

Meetings must have a stated agenda and owner. Recurring meetings without a clear purpose should be cancelled. Default meeting length is 25 or 50 minutes, not 30 or 60, to leave a buffer between back-to-back meetings.

5. Response Time Expectations

- Slack messages marked urgent: within 2 working hours.
- Regular Slack messages: within 1 working day.
- Email: within 1 working day.
- Security incidents: see Security Incident Response Guide (SGN-IT-05) for immediate escalation paths.

6. Emergency Communication

In the event of a business disruption or safety issue, the Operations team will notify all employees via SMS and the #announcements channel simultaneously, per the Business Continuity Plan (SGN-OPS-02).

Revision History

Version	Date	Author	Summary of Changes
1.0	10 Jun 2022	N. Belkacem	Initial release.
1.4	01 Mar 2026	N. Belkacem	Updated response-time targets; added emergency communication section.
