## 1. Purpose

---

This policy governs how Sogno Entreprise purchases goods and services from external vendors.

## 2. Purchasing Process

---

1. Requestor submits a purchase request through the Finance portal with business justification.
2. Request routes for approval based on the thresholds in Section 2.
3. Approved requests are processed by Finance, which issues a purchase order to the vendor.

## 3. Approval Thresholds

---

- Under 30,000 DZD: manager approval.
- 30,000 – 300,000 DZD: department-head approval.
- Over 300,000 DZD: CFO approval, plus CEO approval above 1,500,000 DZD.

## 4. Vendor Selection

---

Purchases over 300,000 DZD require at least two competing quotes unless the vendor is sole-source (documented justification required). New vendors handling company or customer data must pass a security review per the Vendor Management Procedure (SGN-OPS-03).

## 5. Purchase Requests

---

All requests must specify: business justification, cost, vendor, and budget line. Requests without an approved budget line are routed to Finance for budget confirmation before proceeding.

## 6. Company Cards

---

Company cards are issued to department heads and designated approvers. Card statements are reconciled monthly; unreconciled personal charges must be repaid within 30 days.

## 7. Unauthorized Purchases

---

Purchases made without proper approval are not guaranteed reimbursement and may result in disciplinary action for repeated violations.
