1. Purpose

This policy defines who may work remotely at Sogno Entreprise, how remote arrangements are approved, and the standards remote employees must maintain.

2. Eligibility

Employees who have completed probation and whose role does not require regular on-site presence (e.g., facilities, on-site support) are eligible to request a remote or hybrid arrangement.

3. Number of Remote Days

- **Standard hybrid** — up to 2 remote days per week, default for most roles.
- **Extended hybrid** — up to 4 remote days per week, requires department-head approval.
- **Fully remote** — requires both department-head and People & Culture approval, reviewed every 6 months.

4. Approval Process

Employees submit a remote work request through the HR portal. Managers respond within 5 working days. Arrangements are documented in the employee's file and reviewed at each performance cycle.

5. Working Hours While Remote

Remote employees are expected to be reachable during core collaboration hours (10:00–16:00) and to keep their calendar and Slack status accurate.

6. Equipment

Sogno Entreprise provides a laptop and, for fully remote employees, a one-time home-office stipend of 40,000 DZD toward a chair, monitor, or desk. Equipment remains company property; see the Device Management Policy (SGN-IT-03).

7. Communication Expectations

Remote employees must attend their team's daily or weekly sync by video, and are expected to over-communicate status on asynchronous work rather than rely on being physically visible.

8. Remote Security

Remote work must be performed on company-managed devices connected via the company VPN when accessing internal systems. Working from public Wi-Fi without VPN is prohibited; see IT Security Policy (SGN-IT-01).

9. Working from Another Country

Working remotely from a country other than the employee's registered country of employment for more than 15 consecutive days requires prior approval from People & Culture and Finance, due to tax and legal implications.
